### KANAS.

KANAS, UTAH, March 26, 1902.

EDITOR TIMES:

We got just a little snow every night, sufficient to remind us it is still winter. President Jones, W. Taylor, was here last Sunday and gave us some good talk on a variety of subjects.

The agreement between the Hooper people and the weavers of water in this part has been signed by most of the people here.

The plan for our new meeting house has been completed and committee appointed. The bishopric and all the ward teachers will compose the general building committee, and the bishopric, S. M. Pack and Edward Thomas the executive committee. As soon as the location is decided on work will be commenced, and it is to be hoped all will pull together with the object of completing our chapel by the time snow flies next fall. Much praise is due Brother Morgan Lewis for his generous gift to the ward of a city lot, either to build a meeting house on or to exchange for a more suitable site. It is located just one block north of the old site, and is valued at about \$200. If possible, the new structure will be built of brick, the main building to be 26x70 feet, with wings 22x22. So when visitors come to Kanab they will be assured a good seat.

Mr. and Mrs. J. O. Smith returned home on the 19th from East Mill Creek, where they had been visiting for some time.

Some of our young folks attended the concert at Oakley on the evening of the 21st, and the rest attended the dance at Woodland.

Some of our boys thought they would tease Mr. and Mrs. Myrick on the night of the 21st by surrounding them, but instead of being tormented they came out and joined in the merriment for awhile, then they invited the boys in, gave them a lunch, and then all spent a pleasant evening together until about 12 o'clock. But there was some one who was either too late or else had some enmity toward Mr. Myrick, for they ran his sleighs away, hid his harness and did several things which caused the gentleman a great deal of trouble.

### FRANK JAMES ACQUITTED.

Verdict Rendered by the Jury Wednesday Evening.

Frank James, charged with murder in the second degree, was acquitted Wednesday evening by a jury of his peers, after a trial lasting three days. District Attorney Eugene and County Attorney Callie prosecuted, and the defendant was represented by Judge Young and Judge Shields.

On the 23rd day of August last year Frank James, who owned an hall in town in the Park City livery stable, killed John Fitzgerald by shooting him with a revolver. The killing took place in the stable at two o'clock on the morning of the 23d. James claimed that Fitzgerald assaulted him and that he shot him in self defense. Fitzgerald was shot twice, one of the bullets entering the neck and the other striking him in the center of the back passing through the spine. This was the shot that proved fatal. The wounded man lived about fifteen hours after he was shot and on the night of the 24th he died in the county attorney's office. James shot him in the back and as he (Fitzgerald) was running away, shot him in the back.

On the trial James swore that he acted in self defense. Prominent citizens of Park City testified to the good reputation of James and the bad reputation of Fitzgerald.

Throughout the trial the conduct of the attorneys on both sides towards each other was courteous and gentlemanly. The opening arguments for the prosecution were made by County Attorney Callie and Judge Shields performed a fine service for the defense. He was followed by Judge Powers and the district attorney closed for the State. The judge then delivered his charge to the jury. The charges strongly favored the defendant.

The jury was composed of the following named citizens: Samuel Deines, Thomas Davis, Homer C. Richter, Geo. Beckstead, Ole Olson, William Richards, Thomas Richter and Thomas Board.

### The Marion School.

Marion, Utah, Mar. 24, 1902.

EDITOR TIMES:

We, the trustees of Marion, do not wish to enter into any controversy through the press, but in order to give the public a better insight into the condition of our school, we thought it wise to give the following information.

We have no complaint to make about the discipline of our school and we have heard no criticism of the management except from the one source. We did not understand from Superintendent Elmer's talk that he had any fault to find, or that he entertained any idea of it being necessary to discontinue school. We have decided to extend our school term one month longer.

### His Show Coming.

Manager Deed has secured, by special arrangement, for one night only, Edwin Owen's famous comedy, "Too Rich to Marry."

This company comes direct from New York City with almost the entire all star original cast. This curiously will be the closing event of the season. The date will be announced soon.

General morality depends in great measure on having the ideal side of the human being awakened and gratified from the very beginning of life, in order to afford a counterpoise to evilish desires.

### IF YOU HAVE DYSPEPSIA, READ THIS.

The old way of taking poppers, blasters, etc., is sure dyspepsia, in all wrong. They may be put up in tablets or liquid; the result is just the same. The object is to create artificial digestion, but this does not make a cure. Stop taking the poppers, etc., and you have your dyspepsia or indigestion back again. People use opium and cocaine for nervous troubles and sick headache, it does not cure, stop taking the drugs and the pain and distress return. The only common sense method is to drive out of the system the cause of dyspepsia and sick headache by eliminating the stomach and bowels, at the same time using a medicine that will act on the liver. This forces through the glands of the stomach the digestive fluid that nature intended. In this way you cure dyspepsia. The medicine that cures dyspepsia by this method is called Dr. Owen's Liquidated Liver Pills. They put the body in condition so that the different organs can do their work in a natural way. Dr. Owen's pills will cure at 25 cents per box, or we will send them, paid, the receipt of 25 cents in stamps. Sample box free. It takes one pill for a dose. Address: Dr. Owen, Philadelphia, Pa. For sale by John Hayden & Son, Coalville, Utah.

### TO CURE A COLD IN ONE DAY
